Our Story: Six Months

01 Started our development journey six months ago

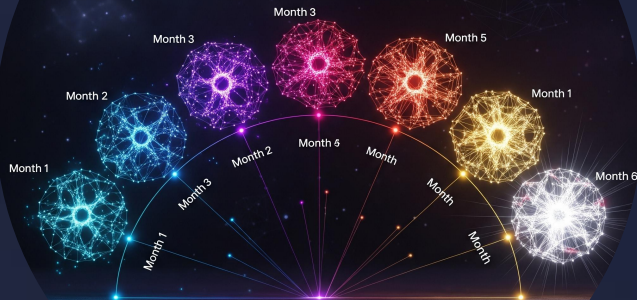

03 Evolved from fine-tuning to advanced Gemini 3

02 Seeking a volunteer for an engaging live demonstration

04 Used OpenAI Image-1 and Google's Nano Banana

Gemini 3 Evolution

Six Months of Development Journey
Advanced Fine-Tuning

We went all in on GCP (and vibe coding)

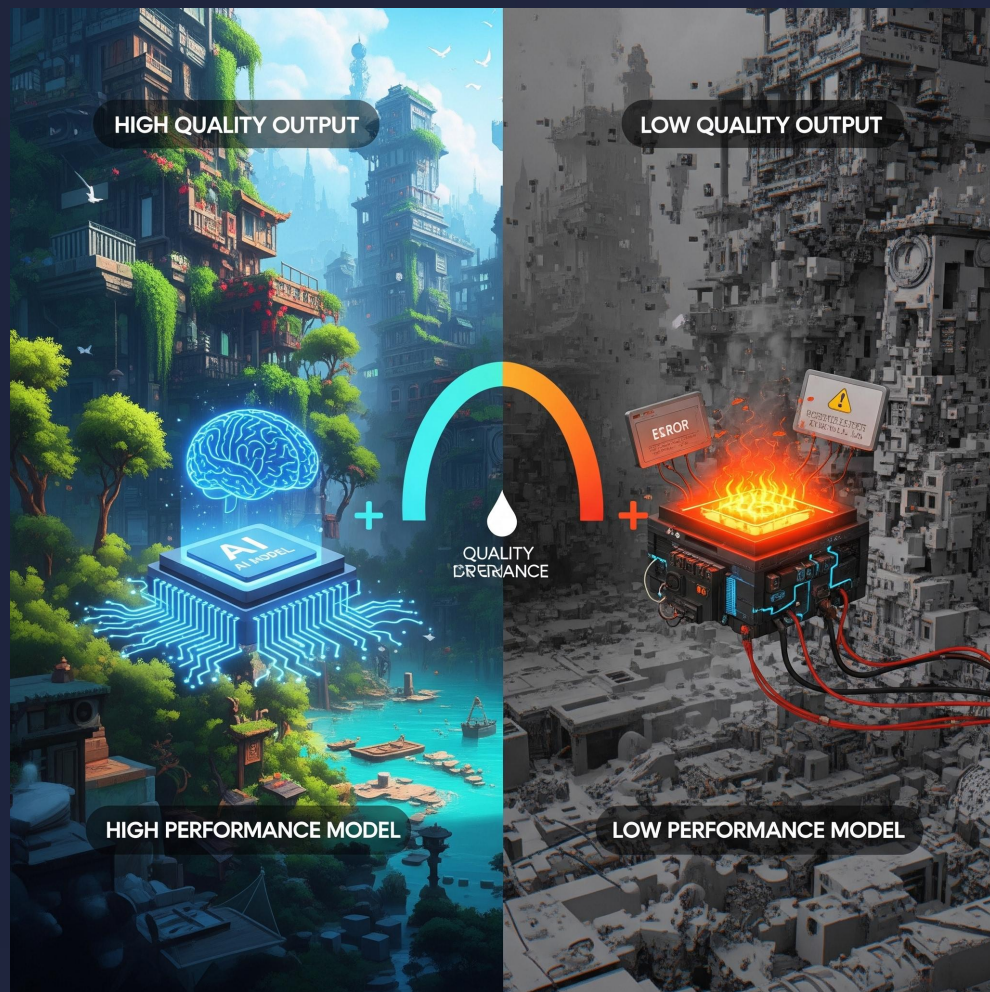

Output Quality

- Output quality varies significantly across models
- Differences in model performance may be noticeable
- Considering if models downgrade in output quality
- Prepare for the engaging and exciting live demonstration
